Studio Arts

Don't see your major? You can still transfer! The ADT is just one pathway to transfer. Meet with the Transfer Center Educational Advisor to talk about your transfer opportunities.

# Apprenticeship at Norco College

Did you know Norco College has one of the best manufacturing apprenticeships in the Inland Empire? Apprenticeship is an Earn & Learn model of training where employers structure a career pathway by combining an educational track alongside paid on-the-job training. To learn more call (951) 372-7028

## Your Pathway to Success: Determining the Right Academic Program

Congratulations, you made the big decision to invest in your education, but how do you make an informed choice when there are so many programs to choose from? Choosing a program of study should align with your professional goals and aspirations. For some, that is a certificated program, for others a degree or the opportunity to transfer to a university for more advanced degrees. At Norco College we provide foundational skills and pathways to transfer, with many courses that lead to careers or technical jobs with both certificates and degrees. Our curriculum is designed to meet general education requirements at four-year institutions, with special care to ensure transferability to any California State University or University of California campus.

Career and Technical Education Programs for which Norco is especially noted include:

- Entrepreneurship
- Game Development
- Industrial Automation
- Logistics Management
- Music Industry Studies
- Pre-Engineering
- Supply Chain Automation

Prepare for competitive entry into these fields or obtain a transferable associate degree to further your education.

# Concurrent Classes

## For High School Students

Calling all parents! Give your teen the freedom to be a college student in a safe academic environment. Concurrent and Dual enrollment programs at Norco College provide students with unique opportunities to take community college classes while still in high school. These courses can count towards a high school diploma or for college credit, allowing students to get a head start on their higher education goals.

- Concurrent classes are held at the college and dual enrollment classes are held at their high school/online.
- Most of our courses are transferable to 4-year universities, including UC and CSU systems (saving you \$\$\$)
- Tuition (Unit) fees are waived for dual enrollment. It's **FREE!**

For more information, email [dualenrollment@norcocollege.edu](mailto:dualenrollment@norcocollege.edu)

# Student Stories

**Gael Montoya**  
Business Administration,  
2019-2022

"Being around a supportive community that is, Norco College, definitely helps in every way possible. Everyone is just extremely kind and excited to help students. Right now is the perfect time to benefit and take advantage of the many opportunities being presented here. Norco College is giving me the resources such as programs, and counselors that actually care about my well-being and my success! My favorite thing is being involved in the Men of Color program because it has been a great community that helped push me forward and supported me every step of the way."

"I attended Norco College to save money. I wasn't ready for the jump and Norco had a sense of familiarity. It was a steppingstone to the college 4-year experience. At Norco, if you were struggling with a class, you could have one-on-one time with professors. This was limited at CSU. Norco College was a much more inviting and open college experience. If you live in the area and you are thinking about doing community college, or on the fence, do Norco for a semester. If you do it, you'll be pleasantly surprised."

**Carlos Vasquez**  
Entertainment and Tourism,  
2010-2012

**Ayten (Zineb) Yatim, M.D.**  
Math and Science,  
2013-2014

"Believe me, Norco College CalWORKs made everything possible! The team members were excellent, always available for us! Amazing thing to be a mom who has very little help with a young child then to realize that I still have a future and that my dreams are achievable. Can't thank you enough for standing by me during my toughest days on public assistance, limited income and struggling to make ends meet."

"Norco College has amazing professors and advisors that are passionate and committed to student success. Being back on campus (post-pandemic) provides me peace, because I am able to get direct help from my professor and campus resources. Attending Norco College will effectively help me reach my career goals through their [Norco College's] passion and dedication to student success. My professors and advisors go above and beyond to provide me guidance to ensure my success in school, in my personal life, and within my professional development."

**Gerlene Ariel Aquino**  
Biology, 3rd Year

*From current Mustangs and Alumni*

# Steps to *Apply*

## Apply for Admission Online

It is free to apply! Applications generally take two days to process. Once an application has been processed, students will receive an email with an assigned Student ID number and RCCD student email address.

# 2

## Apply for Financial Aid

**Free Application for Federal Student Aid (FAFSA):** [fafsa.edu.gov](http://fafsa.edu.gov)  
**California Dream Act Application:** [dream.csac.ca.gov](http://dream.csac.ca.gov)  
FAFSA School Code: 041761 Dream Act School Code: 04176100

# 3

## Activate Your Student Email

**DON'T FORGET TO CHECK YOUR EMAIL!** (ex. @student.rccd.edu) Once your admissions application has been processed, a welcome letter will be sent to the personal email you provided in the application. Please allow at least 48 business hours.

# 4

## Complete the Student Orientation Process

First time college students are required to complete an online orientation in order to enroll in class. Go to [wa.RCCD.edu](http://wa.RCCD.edu) to access your WebAdvisor. In WebAdvisor, select "Take Your Online Orientation" under the Academic Planning tab to complete this step

# 5

## Enroll in Classes

First-time college students are encouraged to meet with an Educational Advisor prior to registering. Our Educational Advisors will help you with course selection and connect you with special programs and resources. [www.norcocollege.edu/engagementcenter](http://www.norcocollege.edu/engagementcenter)

# 6

## Pay Fees & Get Student ID Card

Ready to register, go to [wa.RCCD.edu](http://wa.RCCD.edu). Click on "Register and Drop Classes" under the Registration tab to register on or after your registration date and time.

## Engagement Center at Your Service

The Engagement Center provides support services aimed to increase student success from the time you submit your application and throughout your first year of college.
